- Good afternoon! Would like to make an exchange?
 - Good afternoon! Yes, I would like to. What can you offer?
- The small animal furs! Here we have a rabbit, squirrel and even otter fur.
 - Why would I have to make an exchange with you? Is it high quality?
- Yes, it's freshly cleaned. I did this subtle job with my bare hands.
 - Okay another rabbit fur would be useful.
- Great! What can you offer by exchange?
 - I have freshly forced olive oil from one of the best olive trees in this side of the country.
- Interesting what can I do with it?
 - You can use it to prepare dish.
- Is that all to use it?
 - No, no. Demand is growing and now women are using it for hair so they would grow faster.
- Do men can use it too?
 - Men, women, everyone!
- I think that it could be useful for me too. But I would like three bottles in exchange.
 - No in nowadays it's worth more! I can't exchange that much.
- But take a look what a soft fur! You won't be able to find it anywhere else.
 - Fine. Two bottles no more!
- Deal! Two bottles and here is your fur!
 - Thank you and goodbye!
- Labdien! Vai vēlaties veikt apmaiņu?
 - Labdien! Labprāt, ko piedāvājat?
- Mazo zvēru kažokādas! Lūk, trušu, vāveru pat ūdru kažokādas!
 - Kādēļ, lai veiktu apmaiņu ar jums, vai tās ir kvalitatīvas?
- Jā, svaigi tīrīta, ar savām rokām veicu šo smalko darbu.
 - Hm, labi man ļoti noderētu viena trušāda.
- Jauki, ko varat piedāvāt apmaiņā?
 - Mani ir svaigi spiesta olīveļļa, no labākajiem olīvkokiem šai pusē!
- Interesanti, ko es ar to varētu darīt?
 - Izmantot sadzīves pārtikā, gatavojot ēst.
- Tas ir viss ko ar to var darīt?
 - Nē, nē, pieprasījums pieaug un tagad, sievietes to izmanto, lai ieziestu matus, lai tie augtu ātrāk.
- Vai vīrieši arī to var izmantot, lai ieziestu matus?
 - Vīrieši, sievietes, visi!
- Domāju, ka man varētu noderēt, tikai apmaiņā pret šo kažokādu, gribētu trīs pudeles olīveļļas.
 - Nē, mūslaikos tās ir vērtas daudz vairāk par parastu kažokādu, iemainīt varu tikai vienu pudeli.
- Nu bet palūk, cik maiga kažokāda, tādu nekur citur neatradīsiet!
 - Labi, divas pudeles un ne vairāk!
- Norunāts! Divas pudeles un lūk jūsu kažokāda!
 - Paldies, jauku dienu!
